

10-4-10 Easter Revision: Targeting grades A and A*

Day 6: Solve problems involving similar triangles

12.

Triangles ACE and BCD are similar. BD is parallel to AE .

AE is 10 cm, BD is 6 cm, AC is 7 cm.

(a) Calculate the length of BC .

.....
.....
.....

(3)

(b) The area of the trapezium $ABDE$ is 20 cm^2 .

(i) Calculate the value of h .

.....
.....

(2)

(ii) Calculate the size of the angle x .

.....
.....

(3)
